Enable ☒  
POP3 Server IP   
Address  
User Name   
Password   
Verify Password   
Polling Interval  minutes  
Message Format Plain Text with MIME Attachments, which can be Plain text or Print Ready Documents. (eg PostScript or PCL 5)

Apply New Properties

Restore Properties

#### Note :

The Mail Log and Statistics can be found on the Maintenance / Logs page.

<sup>[1]</sup> The Reply Address is optional and specifies where responses to outgoing mail should be sent. This allows problem reports from mail servers, to be sent to an alternate location, rather than being printed.

[2] The MIME,HTML message format should only be used for Mail Clients that support HTML. (e.g. Outlook 98 and Outlook Express support HTML, while Outlook 97 does not.)
